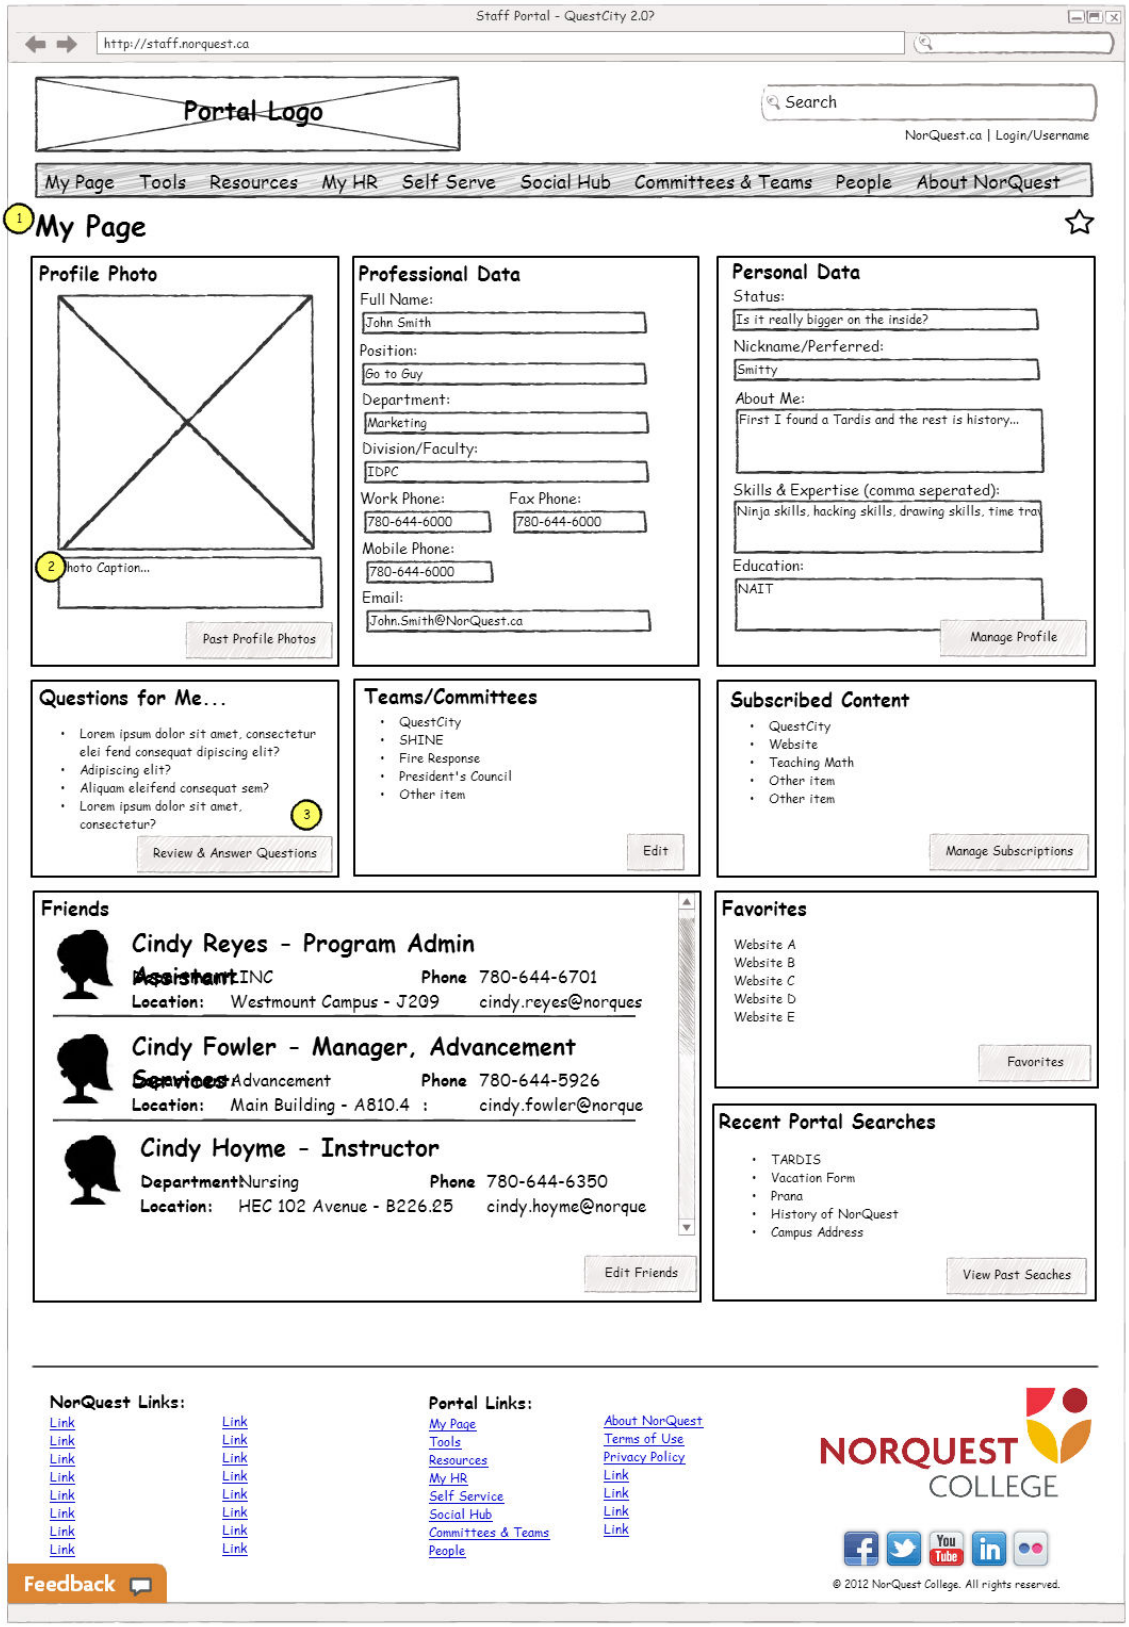
1. Drop down menu to select:
- Action Emails
- Ask the President
- Breakfast/Tea with the President
- Employee Forums
- President's Advisory Council
- President's Blog
2. Tags: Each block gets tags. Filtering/ sorting/ searching Could be an option, however, this could complicate functionality on some PCs. Example: Alberta Innovates example http://isotope.metafizzy.co
Click tab, slide up to reveal tags.
3. Scroll left or right to see items in box. Most recent to oldest - LEFT to RIGHT
OR
Could use pagination
4. Snapshot of latest item for sale



1. Is the page title neccessary? If it is highlighted in the navigation?

2. User clicks on text that needs to be updated. Automatically changes to a field. Data is updated when the user presses Enter/Tab or clicks off the field.

3. Connects to a centra hub of questions that users can search and navigate through. Lists most recent questions first.

6. Could be condensed by using Tabs.
